

IONIC Mg SKIN&SPORT is produced using an innovative solution structuring method that converts magnesium chloride hexahydrate into an ionized solution of magnesium and chlorine, which has a beneficial effect on your skin.

Suitable for sensitive skin.

FUNCTION: For a relaxing massage after sports activities and major physical exertion. Due to the high water content, it hydrates the skin and thus contributes to its care and fresh appearance.

APPLICATION: Apply 15 pressures to the desired place 2 to 3 times a day and gently massage.

INGREDIENTS (INCI): Aqua, Magnesium chloride

Country of origin: Croatia

Manufacturer: Bilijun Partner d.o.o.

Slavenskog 1,
10000 Zagreb, Hrvatska
